

Sec. 6-86. Care of horses.

- (a) *Responsibility.* The owner of a horse shall be responsible at all times for the care and welfare of such horse.
- (b) *Shade in pastures.* All horses kept in pastures without access to barn facilities during the months of April to October, inclusive, shall have access to an area shaded from direct sunlight.
- (c) *Barns.* The stalls wherein horses are kept shall be kept reasonably clean. An adequate supply of bedding of straw or comparable material shall be kept in the stalls at all times.
- (d) *Food and water.* Proper feed of an adequate amount and adequate water shall be provided to horses at all times. When the usual water supply becomes frozen, water shall be provided to horses twice a day in such amounts as will permit each horse to drink his fill.
- (e) *Defects.* A horse adjudged by a law enforcement officer, or other person designated by the town board, to be sick, lame or injured shall not be used for work or recreation.

(Code 1982, § 9.08(2)(m))
