

Project BRIEF

I-94 North-South Freeway Project information

ABOUT THE PROJECT

- Stretches 35 miles between the Mitchell Interchange in Milwaukee, through Racine and Kenosha counties to the Illinois state line
- The \$1.9 billion project will expand the interstate to four lanes in each direction and redesign 17 interchanges
- Construction began in 2009
- Visit the project website online at www.plan94.org

WIS 20 Interchange Reconstruction Project Update

As part of Wisconsin Department of Transportation's (WisDOT) WIS 20 Interchange reconstruction project, the following upcoming project work and closures are scheduled for the next phase of this project:

Upcoming closures the week of March 16:

- I-94 EAST (SB) exit ramp to WIS 20 is scheduled to close long-term to traffic Friday, March 20, and is scheduled to reopen mid-summer.

Detour:

- Traffic on I-94 EAST (SB) will be directed to exit at County K and use the frontage roads to access WIS 20.
- I-94 EAST (SB) entrance ramp from WIS 20 is scheduled to close long-term to traffic Friday, March 20, and is scheduled to reopen late fall.

Detour:

- Traffic on WIS 20 will be directed to use West Frontage Road southbound to WIS 11 to access I-94 EAST (SB).

Please note that WisDOT has added a temporary signal at the southbound County K exit ramp during this phase.

The I-94 EAST (SB) bridge over WIS 20 is scheduled to be demolished following the traffic shift to the east. The demolition will require overnight full closure of WIS 20 under I-94.

- WIS 20 under I-94 is scheduled to close overnight Saturday, March 21, from 9 p.m. to 8 a.m. for bridge demolition.
- WIS 20 under I-94 is scheduled to be reduced to one lane in each direction Monday through Thursday, March 23-26, from 10 p.m. to 5 a.m.

Detour:

- Travelers can utilize the signed detour routes of County C, 58th Road and the frontage roads to get around the overnight full closure on WIS 20 under I-94.

Additional exit and entrance ramp closures should be expected during the I-94 EAST (SB) bridge demolition.

Businesses and residents should be aware that there will be noise and dust during the bridge demolition.

All closures are weather dependent and subject to change.
