Hansen opened the public hearing at 7:01 p.m.

Hansen provided a summary of the 2014 Town budget. He noted that the tax levy for the Town's General Fund budget would decrease from \$1,014,503.00 in 2013 to \$1,012,781.00 in 2014. He added that license and permit revenues would increase significantly in 2014 due to an expected increase in building permit activity.

Hansen noted that General Government expenditures would decrease by about 5.5 percent in 2014. He added that Public Safety expenditures would increase by about 7 percent in 2014, due largely to an increase in proposed Building Inspector and Fire Department expenditures. Moyer asked for more information on compensation for on-call Fire Department personnel. Hansen noted that compensation for on-call Fire Department personnel would increase from \$111,486.00 in 2013 to \$117,060.00 in 2014. He added that 2014 Public Works expenditures would increase slightly. He noted that the Town was planning two road projects in 2014, including the easterly 1 ½ miles of Braun Road and the easterly 1 ½ miles of 50th Road. He added that the Board may consider an additional project if the Town receives bridge aid funding in 2014. He also provided a summary of the Water and Sewer Utility Fund budgets.

Hansen noted that the tax levy to be acted upon by the electors tonight will include a fire protection levy that is assessed annually against commercial properties within the Yorkville Water Utility District. He added that this fire protection levy was not included in past notices and asked the electors if they objected to this item being added to the levy to be acted upon tonight. No objections were raised by the electors to this request.

With no other comments forthcoming, Hansen closed the public hearing at 7:12 p.m.
